

Dear Members of the World Teacher Trust.

Hearty fraternal greetings and good wishes,

1. Every expansion of consciousness brings in the related work.
2. Work expands as consciousness expands.
3. Do not shirk from additional loads of work. It enables the related expansion of consciousness.
4. Let work be measured in terms of its usefulness to the surrounding life.
5. Personality is put to transformation through the successive expansions of consciousness and work.
6. Know that expanded consciousness is a additional equipment for fulfillment of additional work.
7. Make sure to translate into work of all that you know in terms of knowledge. Add spiritual value to every speech or action that comes out of you.
