

Dear Members of the World Teacher Trust.

Hearty fraternal greetings and good wishes,

1. Visualize the World Teacher Trust as the web of the World Teacher.
2. The groups of the World Teacher Trust are but local focal points for manifestation of the energy of the World Teacher.
3. The World Teacher manifests wherever the teachings are practiced and service rendered in humility.
4. The World Teacher, the Ancient One is the Most Modern one too.
5. He functions electronically, communicates online and transmits energies ethereally.
6. The global pandemic is no hindrance to those who trust and work in association with the World Teacher.
7. The groups are electronically synthesized and communications are firmly linked up and the solidarity of being global is being realized.
