

Dear Members of the World Teacher Trust.

Hearty fraternal greetings and good wishes,

1. The World Teacher relates to the indwelling consciousness and guides it through his band of workers.
2. The World Teacher relates not to the objective side of the indwelling consciousness.
3. The aspirants are guided by meditation, self study and service.
4. Inner ripening is emphasized than the outer growth. The outer growth is entirely left to the discriminative will of the student.
5. The World Teacher works to energize the indweller within the form, eventually enabling successive transformations.
6. Relate to World Teacher for inner transformation. Work out your karma for outer clearance.
7. Your karma is your cup of tea. Your knowledge should help to clear and overcome your personal karma.

“The teacher is for inner guidance not for outer labor. Labor yourself.”
