“Significance of 100th Master CVV May Call”

Lecture by Master K.Parvathi Kumar on 16th May,2009 in Vizag

Namaskarams to WTT brotherhood, Dr. K.S.Sastry (President), and to other members, and to other friends of yoga.

Master E.K., after starting WTT, was told that this organization will be well established internationally. He stayed for 7 years in Radha Madhavam(Master Kumar's House) and laid a great foundation for the future activities. Many activities, rituals were conducted in Radha Madhavam.Among several WTT activities and functions, today is considered to be one of the greatest of these. On 100th May Call day, Master C.V.V. will be giving his message from his home Kumbha Konam. Master did his activities in Kumbha Konam in a very silent and secret manner. Master C.V.V. has made lots of predictions which are now becoming true. Through the efforts of the disciples of Master CVV like Master VPS and Master MN, a big movement has started and the message has reached to Master E.K through Master MN after getting enlightened by Master CVV in his prayers, it has become a big wave that expanded even to Himalayas. Master CVV said that I am an embodiment of Goddess Gayatri and I work through those who pray to Goddess Gayatri regularly. That is how Master CVV also initiated Master EK into his Yoga.

Master E.K., after coming across Master C.V.V. also came in touch with the Masters of Wisdom and became a vehicle to perform their activities on this planet. Master EK gone through a dication from Master C.V.V on Spiritual Psychology and Spiritual Astrology books for 5 years. As part of the divine work, global tours to the West started. I have travelled 3 times internationally with Master EK and after that I myself travelled 46 times. This is my 50th tour.

In the initial tours to the West Master EK did not initiate the western brotherhood to the prayer given by Master CVV. Only discourses were held in the evenings. During the Last tour to the West, Master EK gave “Master CVV Prayer” to the western brotherhood in a large gathering.

During my tour in 1985, in the month of “Vaisakha” I received a message to start the “Vaisakha News Letter” to spread the divine wisdom among the Western Brotherhood. Also I was told to perform the May Call Festival in Europe from that year. I have conducted these functions only in very sacred places.

I wanted to have the 100th May Call in India. I also told the western brotherhood that they need to come to India for the 100th May Call Festival. All of them showed great interest to come to India. I thought about 1000 members would be attending this festival but it is difficult to get accommodation for all of them either in Kumbhakonam or Nilgiri Hills as it is summer in India. Even in current planning, we have booked 3 star hotels in Switzerland. In those countries, it is a great event if more than 100 people gather. When we asked them for 1500 people, they are astounded to see what this WTT movement is about. The activities of WTT are held all over the globe at a large scale which cannot be imagined by us. This function will be 5 days long. This time, the May Call is on a Friday. We will be having 3 Fire Rituals during this May Call Festival. They are using this event to celebrate Aksharabhyasam (beginning of a child's education) and a marriage.

The May Call's message is important. This event is going to have a significance where it will get us out of bondage that each one of us have been struggling to get out for more than 100 past lives. We need to keep our minds open for the message. It is not an emotional activity. Keep the mind open. It is told in several scriptures that we need to become aware of our own death, leaving the body, and looking back at the life. It is similar to a graduation and progress. Changes will start in an unanticipated manner that brings out changes from within as well as on the physical body due to the Bliss of Master. Only when this happens then only we are in Yoga. Otherwise it just becomes a fancy. Due the effect of Kali, people are not able to lift themselves on their own. Master CVV promised that “I will do it for you”. I am happy that about 100 people are attending from India. Master has to bless one to be able to participate. It is not ones wish. Even to do Master CVV’s prayer one has to be blessed. We cannot do it if Master does not want us to pray.

The travel from belly button to one's throat signifies evolution. The vehicle for this journey is Air (breathing in and out). Master E.K. is known to be at your throat and call you to evolve from your tummy which is known to be the root of several desires. Once you utter Master CVV Namaskarams you do not feel any movements outside at all. Master calls us from our throat and we go upwards from our tummy to our throat. Everyday he calls Master "May Call". Whom? Those who are oriented to him completely. Once Master calls we are done. He purifies us completely and then we start working from our respective heart centres.

This year more meditations are planned for the 100th May Call festival than lectures. Another seminar is being held on June 21, 22 and 23 to mark the Summer Solstice.

Master comes down from Aquarius to Gemini during May Call day. He may call according to our orientation. If he calls us and you submit yourself to him he transforms us. During this time, many things can happen and many people may transform themselves. No one needs to be certified by another. When a man learns to get out of the body and go back on a regular basis, Master E.K. will start giving messages. Life needs to be adjusted around the prayer and meditation. They are not part of it. Everything else is around the prayer and meditation. When we need to run for our chores, they are just part of our life built around the prayer and meditation.

It is said that all types of Human Initiations take place in the month of Gemini. The May Call Initiation also takes place in Gemini. Several things that were told by Master E.K. about Master CVV are all given in the book called "Aquarian Master" by me.

For 3 days prior to 100th May call day, I have arranged sight-seeing for these disciples from Vizag. It gives an inspiration to them.

We should remember that Master is primary to us and ourselves and our problems are secondary. I hope that all of you participate in this year's May Call with loads of enthusiasm by submitting yourself completely to Master and become a subject to Master's bliss.
