"Christmas Message"

- Master K.Parvathi Kumar

22 December According to the solar calendar, from tomorrow morning we have Capricorn. Every year 22 nights there is a drama where a savior is born. And the grandmaster conducts it as a ritual. It also offers an opportunity for the most sincere ones to gain access. Between 2 to 4 AM there are numerous yogis who perform a ritual in the Himalayas to distribute the energies for the evolution of the planet.

Jesus Christ was born to Joseph and Mary. His birth was like a normal being. Joseph the father of Christ is also known as count St. Germain. He also belongs to the hierarchy. Only for the birth of Jesus the Christ he took to a form. Mary is also a very pious person. Both were working for the hierarchy from the time of Lord Krishna. At the time of the birth of Jesus, many in Egypt and aseria knew the ritualistic science.

There are many great ones who remained normal in their objective life and attained high in the subtle. As part of the plan Joseph marries Mary. And after the birth, the grand masters Maru and Devapi visit from the East and give them instructions on how he has to be educated in the various sciences. And also informs them that at the age of 12, there will be someone who will visit from the Indian continent and teach him. Mary's aunt has a daughter called Elizabeth. Elizabeth's husband who is a priest gets a message that even Elizabeth would have a child.

There are many divine angels who used to visit Mary. An angel called Rafael informs Mary that not only you but also your cousin Elizabeth would also have a child. Elizabeth is very pleased on listening this. When Elizabeth informs this to her husband, her husband says that we should not take Mary's message lightly. On that night an angel appears to Elizabeth and informs that even though your husband is a priest in Jewish temple, he does not have belief in God. The angel's name is Gabriel. And accordingly both of them have child. First Elizabeth and then Mary. When Jesus is born, the grand masters visit them, bless the child Jesus, Mary and Joseph, give them gifts and also instruct them. When we say Virgin Mary, virginity refers to the purity of Mary. That's why we say Jesus is a child of virgin. Joseph while bringing up Jesus, makes sure that there is only vegetarianism, teaches him all the scriptures in a ritualistic way. He takes him to sacred mountains and for 7 years teaches him the science of rituals. John is born to Elizabeth. John's actual name is Yohanna. Even he is also taught along with Jesus by Joseph. During those days there are lot of activities that keep happening in the temples.

When Jesus as a child sees that the temple that he imagines from the teachings of his father is completely different from the temple, and gets into arguments with brings the priest. Joseph slowly puts Jesus away from all those arguments. During that time, a trader comes to this land from Nepal and takes Jesus along with him to India. All this you will find in the story of Jesus, which is published in Navaani. Jesus visits from North India up to Puri in India. Even today in Puri we find lot of discrimination on caste and religion. This is not something that started now. This was there from those ages. Seeing all this Jesus gets into argument with the priests of the temple about Dharma. He used to have very revolutionary ideas at the age of 18. And he could not tolerate any injustice done anywhere. The pandits in Puri were very anxious and wanted to put down Jesus so that their seat is safe guarded.

One night after Jesus sleeps and wakes up in the next morning, he finds himself in Nepal. There he is taken into the Vaisakha Valley where he also gets an opportunity to meet Lord Maitreya. With all this learning he undergoes from the grand Masters, it settles in his mind that self sacrifice is the highest form of ritual. He also learns that Parasara sacrificed himself for the creation of supernatural elements for the descent of Krishna. He also prepares himself for such a sacrifice. When he meets Maitreya, Maitreya informs him that there is no use of such a sacrifice. He can be with them and work along with them. But the longing in Jesus was more for such a sacrifice. He strongly felt that unless such a sacrifice is done, there cannot be an effect on the whole human race. By that time Jesus had lot of initiations already. Jesus again reappears near the river Jordan by the age of 30. By that time he already has the glorious white robe which is offered to him as a blessing by Lord Maitreya. It is because of this white robe, he is known as Jesus, the Christ. That Christ is the Krishna consciousness. All those who have such a diamond body are part of the hierarchy. When he comes to the Jordan River, he is already well versed in all the sciences of wisdom and had many initiations. And now he has come there because at that time injustice was at its peak and law(dharma) was at its lowest.

Johanna used to educate people that the priests did not know true knowledge and were only exploiting the innocent ones. He used to say that I am not the one, the chosen one would come, who will save you. And to work with him, you have to prepare yourself with relevant purity for baptism. (Master says that for want of time i cannot give everything in detail but we will try to be with Jesus).

Yohanna used to ask them to take bath in the river and purify themselves to be prepared for the advent of such a one. Even we take bath in the holy river Ganga for purification. There is a story related to this. Once a person asked Ramakrishna Parahamsa, that is it true that when we take a dip in the holy river Ganga, will all the sins leave us. Then he replied, that when we take a dip, all the sins wait outside as they also respect the holy river. But when we come out of the river and wear our clothes, they also come back to us.

While Yohanna is saying all this, he sees Jesus coming walking. Seeing him he becomes very delighted. As he is coming a white dove lands on his shoulder. Jesus approaches Yohanna and asks him to purify him also by putting the whole water. Then Yohanna replies that You, who has come to purify all of us through fire, do you required to be purified by water?

Any place that is surrounded by seven hills is a very sacred place. There used to be a Kingly priest called David, who planned for the city and his son Solomon executed it by constructing the city of Jerusalem. Jerusalem is surrounded by 7 hills similarly we have Tirupathi in India and Rome in Italy. When Jesus came back he visited Jerusalem and went North upto the city of Galili. There he started teaching. And performed many acts of healing. And there 2 groups get created, who recognize Jesus as Savior and who do not recognize him as Savior.

So some priests invite Jesus to the courtyard of the temple. There used to be a well, where if someone takes bath, used to get cured of all his illnesses. There was a old lady who wanted to take bath in that well and also a mad person who wanted to get cured by the water of the well. The priests notice, how Jesus cures them.

On the days of Sabath, when the temple is closed, Jesus calls all the people who wanted to take bath and get cured and informs them that he would do the healing. Seeing this the priests get angered thinking that Jesus is very proud. But Jesus informs the priests that Sabath is not what they understand, and explains them its true meaning and intent. He says that you are showing lot of differences. You are not disseminating true wisdom. The priests are very scared and want to put an end to such activities of Jesus. But they were never able to catch Jesus. Jesus used to appear suddenly, do teaching and acts of healing and disappear. In just 3 years all the people are with Jesus, and the priests and the rich people were against Jesus. Among the rich, there was one who works for the Roman emperor. Once his kid falls sick, when his wife recommends him to take the kid to Jesus. He obliges and goes to Jesus and he confesses that he cannot take Jesus to his house as he works for the Roman emperor. But Jesus tells him that you can go back to your house and the kid will be healed. Like this there are many stories. Once he also shows them walking on water. When such miracles used to happen, all the people used to tell him that You are God. He used to tell him that he is not God, but son of God. And he also says that all the people are sons of God. And that he has come to teach the same. While all this is happening, the priests were very much scared and angry.

Like this when things were happening one night he calls all his disciples for dinner. Among them there is a lady also. Her name is Magdalena. I told her stories many times. She was very beautiful. She was characterized as a prostitute. But she was not. It was conspired by the rich of a village when she once refused for a marriage alliance. At the dinner, Jesus informs everyone that, now the soldiers would take him away. When Jesus informs only 11 are present. The 12 one is informing to the soldiers outside where Jesus would be there. The 12 one, Judos does this because he used to think that Jesus would liberate the Jews from the Roman rule.

When the young Judos used to keep informing about the freedom, Jesus used to say that your own freedom(freedom of self) is more important that the freedom of the country. While Judas was returning, Jesus keeps informing how others should live after he is taken away.

He informs them that they should all live with what is offered to them and should seek more and they should strive to spread the teachings across. When they ask him, how he is taken away. Jesus says that the priests with the help of Roman soldiers will take him away and one among his 12 disciples has helped them with this information. While this is happening, Judas enters the dinner hall. Later Jesus says that he will go to a mountain, and they can follow him if they wish. When they all assemble there in the night, except Jesus all the disciples fall into sleep. Even Peter, who before says that he will guard the Jesus from the soldiers also falls into sleep. Then Judas along with soldiers enters the mount to capture Jesus. At the time Jesus is being captured by the soldiers, he looks into the eyes of Judas with a affectionate smile which Judas could not bear. The soldiers present him before the Roman general. The Roman general is very pleased when he sees Jesus and asks the priests as to what wrong Jesus has done. Then the priests accuse Jesus of negating Roman emperorship and declaring himself to be the king. When asked to clarify Jesus explains that he is not the king of the people but the king of hearts of people. There is also a section who explains how Jesus used to heal and did acts of goodwill. But the priests who are against Jesus insist that the general should crucify Jesus.

Though the general does not like, he orders for the Crucifixion of Jesus. When the cross is made the general engraves on it, Jesus of Nazareth, King of Jews. Which is the truth. The cross is very age old symbol which was there even before Jesus was crucified on it. Jesus had the experience of being crucifixion in the 40 day penance he did much much before the actual crucifixion. The cross which is used is a heavy one. So when it is put on Jesus, he actually tumbles under its weight. When they hit him with whip, he prays the Lord and carries it slowly and walks. He carries it to a mount called golgotta.

There when he is crucified, the person whose child has been rescued to health by Jesus is also present by the side. After Jesus is crucified, Judas comes to see him. Then Jesus looks into his eyes with affection. Judas was not able to bear this and he runs to the peak of a cliff and commits suicide. Later Jesus' mother Mary, his sister Mary and his disciple Mary, all the 3 come to visit Jesus. The person in charge allows them as he also believes in Jesus. Mother Mary sees that Jesus looks slightly weak. Then she shows him corn in one hand, which symbolizes spiritual food and a lamp in the other to increase his strength in light. Jesus tells the sister and the disciple to take care of the Mother. Later after they leave, the two others who are crucified besides Jesus on the left and the right, asks Jesus to relieve them of their pain which is unbearable, which Jesus obliges. Later in the night for a fraction of second Jesus feels the pain unbearable and asks the divine not to desert him. After the second passes he regains his strength. In the early morning hours he casts away his physical body. Much before he informs his disciples that he would return back in 3 days in the same form. The soldiers take Jesus body and put it in a catacomb.

They also place a big stone across the entrance of the catacomb, in order to ensure that it is not opened. Later the lady disciples come back to the catacomb to see Jesus as has promised that he would return. Maria sees that the stone placed before the entrance was not present and the cave was empty. She cries out for her Master when she hears a voice from behind - turn back here i am.

There she finds the very same Jesus in a lighted form floating in air. When she informs the other disciples that the Master has returned they do not believe her. But when a disciple comes and actually sees the Jesus, he gets a doubt and asks him if it is true that he is the very same Jesus in his own form. Then Jesus reveals to him the crucifixion marks which are still fresh. Later when the other disciples approach him, Jesus informs them that they are weak in their spiritual strength and are still overpowered by the material aspects. He says that he would give them a 50 day practice by which they can transform themselves in such a way that they can carry the voice of Jesus.

Today is the day when such a great saviour is born at 12 ' o clock in the night. If we can be in the presence of Jesus and go into the sleep we can have good experiences. Here we recollect the story of Jesus on this day to be in such presence. Jesus used to narrate many parables of wisdom. He also taught astrology, yoga and explained the various potencies of numbers. Much of this wisdom is lost and we encounter few remnants of these here and there. After he left his body he travelled to Kashmir and stayed there for 40 years. Even Moses after he brought 12 tribes together and when he saw that they were fighting among each other, he informed that there is a tribe in the East which he was going to fetch and leaving them behind he went to Kashmir from where he did not return. There is a village called Pehalgam where one would notice few graves, mostly Muslims, which are laid such that they point to Mecca. But there is one grave which points to Jerusalem. This is the place where Moses was buried. The story of Moses was much before that of Jesus.

Jesus staying in the Swiss Alps Mountains performs his activities in Israel. Today Jesus has permeated into thin air and can bestow his presence by mere recollection when done with full faith. If you notice, he is the one who is known most all across the globe than anyone of the grandmasters for the self sacrifice he performed. We conclude this by recollecting a few events from the life of such Jesus on this day.
