"55th Inter-continental tour briefing"

By Master Parvathi Kumar on 05th of July 2012, at Retreat Centre, Vizag.

Hearty Fraternal greetings to the brotherhood.

The 55th inter continental tour went on very well with the grace of the Grand Masters. The grand Masters are working all over the globe with their Ashrams located at different parts of the globe in the subtle planes.

After all this tours, we can understand that at different parts of the globe, there are people who are interested in the truth irrespective of the religion.

It is with the purpose to give them the ageless wisdom and the highest truth, that I am travelling the entire globe. The truth stands above all religions, regions and cultures. In every human being, all the cosmic intelligences are present including the Brahman (THAT). To see the intelligences and realise that each one of us is THAT, we should cultivate this body in the given procedure.

When properly cultivated, we get a fruitful crop of light. For that cultivation to happen, it requires lot of sraddha, perseverance, discipline and consistent effort. There are ways to cultivate the crop and realise the truth. There ways were in light during the ancient times in all civilizations of the world but now that knowledge faded away in almost all the civilizations. It is only left in the Indian literature to some extent. Even though it is present in Indian literature, most of the Indians do not recognise it.

When the prescribed practices are done with sraddha, man can enter the inner world (from mind to Buddhi) and build an etheric body for himself and later self realization happens. All those who followed this path and had complete realization are the ones who stand as Grand Masters now and are the ones who help us in the path. To follow the path, one should have a taste for the divine and a strong belief in divine. It is the path of the World Teacher. It is the path followed by all the Grand Masters.

After the departure of Master EK in 1984, I travelled for the first tour, as an instruction of the Master, after a break of 30 months, in April 1986 after Rama Navami. During these 26 years, I travelled 55 times to the West. The main purpose of the tour was to hand over the age old wisdom to the ones who are interested to receive it.

For one to follow the path of Yoga, it requires a clean life. Clean with the family and clean with the society. One should have a proper worldly life to attain a status to proceed inward. Without a proper outer life, one cannot proceed in the inner life. In the Bhagawadgita, it is said "you have clear all your debts which come to you as karma towards your family, friends, society and

profession." On one side, while this is happening, on the other side, sincere practice should happen to move forward inside as well. There should be a balance between the both. You cannot neglect one and move forward with the other.

You should show sraddha, patience and discipline in doing your worldly activities which will automatically reflect in your inner activities. Gradually as you turn more and more inward, you enter the heart lotus and attain immortality and then then work towards self realization. All this should happen gradually and without the neglect of worldly duties.

For one to travel inward, a Master is required. A Master is one who has already travelled inward and knows the path and shows others the path. One who has not treaded the path cannot become a Master and cannot help others in the path.

So exactly 7 weeks back, I started on my 55th tour to the west with my family members. There were 7 of us and we travelled to Mumbai. In Mumbai, 7 more joined us. From Mumbai we reached Zurich. There, we were received by 3 women Anna, Sabine and Simmone. We went to the house of Sabine & Simmone, who are sisters, initially and from there we went to the venue of May Call. There is a large hotel by name Historic hotel near to which there was a mountain and valley in which a Master by name Nicholas did penance in the past. So it is considered a holy place and we decided to have this year's May call at that place.

We booked 3 hotels to accommodate all the 440 members who have gathered for the May Call, of which 110 were Indians from Bangalore, Hyderabad, Vijayawada, Ongole, etc. For the purpose of gathering for the seminar, no hall in any hotel is sufficient to accommodate such a large group. So a stage was arranged in an open place and sitting for arranged for all the 440 members.

(Master is showing the brochure and describing its contents, that was printed and distributed electronically for the May Call.)

(Master is reading the prayer printed on the last page of that brochure.)

On the back cover page, the symbol of the eagle was printed. It was given by Master EK to me in 1976 and told it to keep it with me. Master EK brought it from Paris.

The May Call seminar went on for 5 days and I spoke about the formation of etheric body and subtle sensation that would develop by doing the prescribed practices. An inner mind and inner senses would develop and finally an inner etheric body would develop. For this, a clean life, an open mind, an eager intellect is required. Master DK gave 4 types of meditations which would help one to enter the inner world. So I spoke on these topics. I did 3 fire rituals during the May Call Seminar. And we had an executive meeting, meeting of global groups and all member meeting and an annual report was prepared and shared with all the members electronically. I asked for a hard copy and so they gave it to me. And there were naming ceremonies and initiations to education to children.

Lot of books were printed and released during this May Call. All the books that came in English are translated to German and Spanish in the subsequent years. Among those books, Marriage, the noblest sacrament was translated to German. Also Kapila's teachings, Mercury, The World Teacher, Master CVV Saturn regulations were translated to German. Also Wisdom of heavens written by Master EK was reprinted and distributed free of cost during the May Call to all the Germans.

The WTT group of Switzerland printed the book Parikshit in 4 languages and released them during May call. I gave the life of Parikshit in a seminar and subsequently that was transcribed and brought out as a book. The book was translated to German, Spanish and French. Similarly another book "Just Adjust" was released in 4 languages. These books were distributed free of cost to everyone.

The books on "Marriage" and "Mercury" were translated to Spanish, printed and released. Also the book "Overseas messages" by Master EK was translated and printed in Spanish. And the Astrological calendar for the year 2012-13 was also released.

Master EK gave a ritualistic way of celebration a birthday as a book in telugu. I gave the same book in English and it was printed by the Bangalore brotherhood and was released during May Call. Orange caps for the group heads and White caps for the remaining members were distributed.

In Spain, there is a doctor couple who travel to the Kailash mountains every year taking a group of people with them. They prepared a photo with Master CVV and Kailash mountains in the background and distributed them to everyone.

(Master is showing all the book marks that were printed and distributed during the May call by different groups)

German also distributed a carved Chinese symbol of cosmic essence and cosmic nature, popularly known as Yin Yang.

Last time when I visited Argentina, a journalist by name Kumar Khan attended the Seminar and he was highly inspired by the Seminars and he wrote a write up with many photos and printed it in a magazine. He gave me a copy of that magazine when he came to attend the May Call Seminar.

Two bookmarks were printed in Vizag and were taken and distributed there.

"Teacher is no other than the truth. The path he gives is the escalator to the truth."

"Imitation is beastly. Comprehension and Compliance is scholarly."

Some idols of Master St.Germain, Master Jesus, Mother Mary were prepared and given to me by the Argentinean Group. Master St.Germain has great following in the American continents. He was responsible for bringing independence to many countries in those continents. George

Washington, Abraham Lincoln, Roosevelt, St.Martin and St.Bolevar are his disciples and are all free masons.

(Master is showing the images printed and distributed by Sister Tatyana Wagner, Brother Ludger and others).

I gave an explanation of "Group" in Hyderabad and it was transcribed, printed and distributed. In our group, we have Brother Anwar, who is a very good Violinist. His father painted some paintings and gave them to me. He is a professor of Urdu. He said "I am very inspired by your books. If you give me permission, I will translate some of your books to Urdu." I asked "You will write but who will read?" He said "There are many aspirants who wish to receive these teachings in Urdu." Then I said "Fine! You can translate and put them online so that interested readers can go through them." I asked him "What is Islam?" He said "Islam is a life of total acceptance and Muslim is the one who follows that path." Krishna also told the same thing. We should accept everything that comes to us through nature.

There is a woman by name Marion who used to translate all the books to German from 1988 to 1995. She was a professor. She got cancer 5 years back. She tried many kinds of treatment but there was no respite and finally the doctors told that he cannot live long. In such a condition, she came to attend the May Call and there she asked me permission to depart and just after the May Call seminar concluded, she departed. A sum of 7900 rupees was found in her house and I was given that amount. I thought that we should prepare a framed image of a Grand Master with that money and at the bottom of that image "donated by Marion Muller", to be written.

That concluded the May Call. Then I travelled to many places visiting many groups and gave short seminar on certain topics as required by them. One of the topics was "What would happen between the period of death and birth?"

I also visited the houses of Julieta and Christina Ambach. Christina Ambach prepared a write up, giving the significance of Tulasi, as given by me, printed it and gave it to me. She came to know about the practices done with regard to the sacred plant Tulasi. She started practicing it them at her house. Germans practice everything that is told to them. That is the specialty of Germans. Then I went to Belgium. There a seminar was held and I spoke on the 7th Ray. We travelled to the centre of WTT in Brussels. It was opened by me in 2010. Near to that, there is an idol of St. Michelle present there, on a tall building. This building is the head quarters for the economic activities of the European Union. He is the Narada of our Puranas. He is Mercury at the cosmic plane. In Belgium, I moved around with Brother Ramana, Sister Rosy, her husband and Sister Anna.

Then we went to Spain where Sister Sabine joined us. There we had a seminar. I spoke about the 7 Maruts on their request. Vayuv's emerge from Rudras and Maruts emerge from Vayus. Madam Blavastky wrote a lot about them in Secret Doctrine. It is very difficult to understand what she said. So I explained to them about the Maruts and their presence in us for 4 days. We also had fire rituals through out the tour at different places.

We have many groups in Spain. I could not travel to each of the groups, so I asked them to gather at a place for the Seminar. After the seminar, there was some free time and I visited the houses of our members.

Sister Dona Diaz asked me to come to her house, where she started a centre of Homeopathy, Naturopathy and Ayurveda. So I visited her house, which is a 3-storied building.

I also visited the house of Michelle and Rosa. Both of them are very good doctors. Two years back, I installed an idol of Lord Krishna in their house. We sat there and had a short seminar in, for a day. They prepared and served Indian food. They learnt all our dishes and are preparing them regularly and very well. We had some question and answer sessions.

There is one person by name Valentine, who was the heading the theosophical society in 1980s. In 1988, he came to know about me and invited me to give conduct a seminar. He was very inspired by my talk and told me that he would attend the May Call Seminar every year, wherever they might be held. It is due to him that there are a large group of followers in Spain now. He was responsible in spreading the teachings to a large extent. He has a daughter by name Helena, who was very young when I first saw her in 1988. Now she has become a very good Homeopathy doctor and an astrologer. I went to their home as well.

Then I went to the house of Sister Aurora. She is the president of our WTT group in Spain. She also runs another organization called Circle of Goodwill which received the best voluntary service organization award in Barcelona.

A large building is being built for the WTT in Spain. This building was opened by me and I gave a discourse and did fire ritual there. I also moved around in the mountain of Santa Maria with a group of 25 members.

Then I went to the building of Circle of Goodwill. There all the food products, medicines, clothes, etc. were being distributed everyday to the needy. There are 40 volunteers doing this work. They get all these products free of cost, being supplied by many companies.

Then I went to Switzerland. A new centre for WTT was started in Switzerland. I inaugurated it and we had a short seminar there.

Also I visited a church which was being built for 116 years and completed recently. It is called sacred family. It is built with all Masonic measures. It is built of all natural material without the use of iron. A replica of that church and a book on it were given to me.

(Master is showing all the items that were given to him during the tour.)

Last week I returned to Hyderabad. There we had Guru Purnima Celebrations for 4 days. There I spoke on Nachiketas Upakhyanam which gives the secrets of death.

There is bookmark printed for distribution today:

"Belief is not the truth. Belief leads one to the truth."

So those are the details of the 55th tour. I could not give all the details. But I tried to cover all the details in brief as much as possible.

From next year onwards, we will have May Call in India. Next year we will have it in Bangalore as it is the coolest of all the places in summer, where we have our groups in India.
